2/10/99

Dear Hal,

Aside from our mutual interests, I often think of you and Lillian.

The contribution you made was to create a new and critical way of perceiving historical reality.

The radio talk show format was the internet of its day.

How many you educated when the media was silent from late 1963 to 1966.

America will be forever in your debt.

Take care.

Sincerely,

Ed Williams
